

Hyderabad,

5-10-2022.

To

The HR,

Iamops Ltd,

Pune, surat.

Respected sir/madam,

My name is Vinay Pala. I completed my graduation in B.tech as a mechanical engineering from Lakkireddy balireddy engineering college. I completed course in the devOps stream. I learned the tools like ansible, git, Jenkins, dockers, Kubernetes. Having the knowledge of Linux operating system. Having the cloud computing skills like amazon web services.

Basically, I am fresher. I am looking for an opportunity to work as junior devOps engineer. I am well interested in the type of work associated with the devOps tools and AWS. My skills are best suit for the job role mentioned in the job description. I am attached my resume to show my educational details.

I should be pleased to attend an interview at any time which is convenient to you. I can be contacted at the telephone number given below.

I look forward to hearing from you.

Yours faithfully,

Vinay Pala,
